"Jazz Dance with Class"

Marilyn York - Artistic Director

Dancin' Unlimited is a professional jazz dance company whose goal is to promote quality jazz dance in a professional performance environment. Our company is composed of seasoned performers, all with extensive classical dance training and performance experience. We provide our dancers with opportunities to gain more performance experience while still maintaining the highest standards for artistic achievement.

Dancin' Unlimited produces new and exciting programs each year with an emphasis on artistic excellence, broad variety and professionalism. Our repertoire ranges from classical jazz dance to hip-hop, and from the Big Band era to Broadway jazz dance. With an eclectic jazz dance program, the company performs in many venues for Corporate Events, Conventions, Trade Shows, Fairs, Festivals, Schools, and special events. We produce and perform in the annual Jazz & Tap Dance Festival of Northern Virginia, and have performed at the Giordano Jazz Dance World Congress.
